EDUCATION

Olentangy Berlin High School | Expected: May 2028

Delaware, Ohio

Coursework: AP Computer Science Applications, AP United States History, AP Seminar, AP Pre Calculus, AP Calculus AB, AP Statistics, AP Computer Science Principles

Columbus State Community College

Dual Enrollment | Columbus, Ohio

Coursework: Introduction To Sociology, Introduction To Government, Personal Finance, Introduction to Programming Logic, Social Problems

SKILLS

Languages: Python, Java, JavaScript, HTML/CSS

Technical Skills: Object-Oriented Programming (OOP), Basic Cybersecurity Practices, 3D Printing, Laser Cutting, VR Prototyping

Core Skills: Problem Solving, Teaching, Communication, Research

EXPERIENCE

Code Ninjas Powell | April 2026 – October 2026

Code Sensei | Powell, Ohio

- Support students in learning coding and problem-solving through guided instruction and hands-on activities
- Assist with teaching programming concepts and guiding students through coding projects and challenges
- Manage student activities and provide individualized support to encourage learning and engagement
- Completed **100+ hours** of hands-on instructional and student support experience

National Inventors Hall of Fame (Camp Invention) | June 2025 – Present

Leadership Intern | Lewis Center, Ohio

- Mentored elementary students in hands-on STEM projects, including basic engineering systems and logic-based builds
- Guided students through problem-solving processes similar to algorithmic thinking and iterative design
- Led team-based challenges focused on innovation, creativity, and structured thinking
- Strengthened leadership, communication, and technical instruction skills in a collaborative environment

Sri Venkateswara Temple of Central Ohio | March 2023 – Present

Math Instructor & Operations Volunteer | Delaware, Ohio

Math Instructor:

- Teach elementary students foundational mathematics, emphasizing logic, pattern recognition, and problem-solving
- Introduce early computational thinking concepts relevant to coding and algorithm design
- Develop structured lesson plans to improve student understanding and engagement

Reception & Operations:

- Managed transactions and logistics, ensuring efficient operations in a high-traffic environment
